

## MY HEART IS BREAKING

There's someone in my house. I'm scared as fuck man. Do I get out of bed or go back to sleep? I walk into the kitchen, and there it is. I think I just saw a ghost. "Who are you?" I ask. No answer. There's nothing there. Maybe I just imagined it? Just then I get a text message. It says: "My heart is breaking". I don't recognise the number. But I know who it's from. I reply to it: "I wish I could mend your broken heart." No response. Then I add: "Everything is going to be OK in the end". I go back to bed. My phone buzzes again. There's a message. It says: "You lying bitch no it donntttt"
